

# Roadway Safety

## JENKS AVE WIDENING & BIKE LANES

### SOLUTION

*The project consists of widening Jenks Avenue to four lanes from Baldwin Road to State 390 to include the addition of bike lanes. This will provide for four lanes of traffic along Jenks Avenue from U.S. 98 to State 390. Bike lanes will provide for safer connectivity for bicyclists traveling from Baldwin Road to State 390.*

### PROBLEM

This heavily traveled corridor is significantly deteriorated and is in need of additional lanes.
